

TECHNICAL DATA SHEET

PLASTISOL ANTI-MIGRATION BASE

PL Anti-Migration Base is a phthalate free printing ink that prevents dye migration on polyester fabrics.

Highlights

- It has high wash resistance.
- It prevents the appearance of sublimated and reactive colorants on the surface during thermal processes.
- It acts as a barrier to prevent disperse dyes from migrating to the surface.
- It provides elasticity and an excellent dye barrier, especially on dark-colored fabrics.

Printing Tips

- Before use, please stir the product well. Do not use any additives that are not advised.

Compliance

- Phthalate free ink.
- Prop 65.

Precautions

- After using, the screen should be cleaned with synthetic thinner or plastisol screen opener.
- The technical application and information that have been given above, are designed only as using instructions. Should not be considered as a warranty for any other use. If any further help or assistance is required, our technical department is ready for help.
- In case of emergency, Safety Data Sheet of this product should be ready for help at the working area.
- The safety data sheets are intended to provide detailed and comprehensive information about the products. In cases of improper or nonconforming use, the manufacturer/distributor cannot be held liable for any direct or indirect losses or damages.
- Email info@enormeink.com for any questions or more information.

Recommended Parameters

Fabric Types

Polyester, Polyester blends

Mesh

Counts: 34-43 T mesh / 86-110 US

Squeegee

Durometer: 60-80 Shore
V type dr. blade

Cure Temperatures

320°F(160°C) for 1.5 minutes

Additives

Do not use any additives that are not advised.

Shipping & Storage

41°F - 86°F (5°C - 30°C)

Clean Up

Synthetic Thinner or
Plastisol Screen Opener
